

leDEA global and regional abstracts at the IAS 2017 & HIV Pediatrics Workshop – Paris, July

For more details on individual sessions, please see:

IAS 2017: <http://programme.ias2017.org/> and <http://programme.ias2017.org/Abstract/Index>

After the conference, abstracts will be available online.

HIV Pediatrics: <http://www.virology-education.com/event/upcoming/international-workshop-hiv-pediatrics/program/>

After the workshop, abstracts will be published in Reviews in Antiviral Therapy & Infectious Diseases and available online.

	Region	IAS 2017 Abstract Title	Lead Author	Status	Session Details
1	MR085	Immunodeficiency at the start of combination antiretroviral therapy in low-, middle- and high-income countries	Nina Anderegg	Oral	
2	MR096	Capacity to screen and manage mental health disorders at HIV treatment sites in low- and middle-income countries	Angela Parcesepe	Poster discussion	
3	MR069	Site capacity to screen for, treat, and manage kidney complications among HIV-infected persons receiving care in low- and middle-income countries (LMICs)	Catrina Mugglin	Poster	
4	MR049	Can WHO guidelines use observational data? An empirical comparison of three methods for adjusting observational data and a meta-analysis of randomized controlled trials (RCT)	George Rutherford	Poster	
5	MR013	CIPHER adolescent mortality & ART access in Africa	Amy Slogrove	oral	
6	AP	Missed clinic visits in the TREAT Asia HIV Observational Database (TAHOD)	Awachana Jiamsakul	Poster	Date of Presentation: Tuesday 25 July Location: Poster Exhibition area, Level 3 Presenter: Awachana Jiamsakul

IeDEA global and regional abstracts at the IAS 2017 & HIV Pediatrics Workshop – Paris, July

7	AP	Lopinavir hair concentrations predict viremic episodes in HIV-infected Asian children and adolescents on second-line ART	Catherine Koss	Poster	Date of Presentation: Tuesday 25 July Time of Presentation: 12:30 - 2:30 pm Location: Poster Exhibition area, Level 3 Presenter: Monica Gandhi
8	AP	Increasing cardiovascular disease incidence in HIV-positive people in Asia: Projections for 2017-2026	Rimke Bijker	Poster	Date of Presentation: Wednesday 26 July Time of Presentation: 12:30 - 2:30 pm Location: Poster Exhibition area, Level 3 Presenter: Rimke Bijker
9	AP	Viral resuppression and persistent failure after viremia on second-line antiretroviral treatment among Asian children and adolescents	Sirinya Teeraananchai	Poster	Date of Presentation: Tuesday 25 July Time of Presentation: 12:30 - 2:30 pm Location: Poster Exhibition area, Level 3 Presenter: Sirinya Teeraananchai
10	AP	High risk of liver fibrosis among HIV-infected youth with chronic viral hepatitis B coinfection despite receiving tenofovir-containing antiretroviral regimens	Linda Aulpibul	Poster	Date of Presentation: Tuesday 25 July Location: Poster Exhibition area, Level 3 Presenter: Linda Aulpibul
11	CN	Trends and predictors of non-communicable disease multi-morbidity among HIV-infected adults initiating ART in Brazil, 2003-2014	Jessica Castilho	Oral	
12	CN	Long-Term Outcomes in Antiretroviral Naïve Patients starting Efavirenz- vs. Boosted Protease Inhibitor-based ART in the Caribbean, Central, and South America network for HIV epidemiology (CCASAnet)	Yanink Caro	Poster	

leDEA global and regional abstracts at the IAS 2017 & HIV Pediatrics Workshop – Paris, July

13	EA	Real-world use of chemotherapy for Kaposi's sarcoma in a large community-based HIV health care network in Kenya	Esther Freeman	Poster	Tuesday, 25 July 2017 12:30-14:30 abstract number: TUPEB0416
14	EA	Adolescents Enrolling in HIV Care in East Africa from 2000-2014	John Humphrey	Poster	Tuesday, 25 July 2017 12:30-14:30 Level 3 abstract number is: TUPEB0427
15	EA	No association between duration of implant use and pregnancy among HIV-positive women using concomitant efavirenz-containing antiretroviral therapy	Rena Patel	Poster	Tuesday, 25 July 2017 12:30-14:30 Level 2
16	SA	The impact of ART on adult mortality trends in South Africa	Leigh Johnson	Poster	
17	SA	What should we do when HIV-positive children fail first-line combination anti-retroviral therapy (cART)? – a comparison of 4 ART management strategies	Gem Patten	Poster	
18	SA	Mother to child transmission of HIV and retention in care of HIV-exposed children enrolled in Malawi's national HIV program	Andreas Haas	Poster	
19	SA	Characteristics of infants initiating early ART in South Africa, 2006-2016	Victoria Iyun	Poster	

	Region	HIV Pediatrics Workshop Abstract Title			
1	MR090+091	Mortality and key clinical events in children/youth 0-24	Sophie Desmond	oral	
2	MR082	Growth & adolescent treatment outcomes	Julie Jesson	oral	
3	MR013	CIPHER adolescent mortality & ART access in Africa	Amy Slogrove	oral	

leDEA global and regional abstracts at the IAS 2017 & HIV Pediatrics Workshop – Paris, July

4	AP	Impact of low-level viremia on virologic failure among treatment-experienced HIV-infected Asian children	Tavitiya Sudjaritruk	Poster	Abstract n°58 Date of Presentation: Friday 21 July Time of Presentation: 5:30 - 7:00 pm Presenter: Tavitiya Sudjaritruk
5	AP	Early clinical and social outcomes at and after transfer from pediatric to adult HIV care in Asia	Annette Sohn	Poster Discussion	Abstract n°22 Date of Presentation: Friday 21 July Time of Presentation: 5:00 - 5:30 pm Presenter: Annette Sohn
6	SA	What should we do when HIV-positive children fail first-line combination anti-retroviral therapy (cART)? – a comparison of 4 ART management strategies	Gem Patten	poster	
7	SA	Characteristics of infants initiating early antiretroviral therapy in South Africa, 2006-2016	Victoria Iyun	oral	
8	WA	Non-sexual transmission of HPV infection among HIV-infected adolescent girls prior to HPV Immunization in Cote d'Ivoire.	Tchounga	Poster	Abstract n°46
