leDEA global funding acknowledgements – grants only

The International Epidemiology Databases to Evaluate AIDS (leDEA) is supported by the U.S. National Institutes of Health's National Institute of Allergy and Infectious Diseases, the *Eunice Kennedy Shriver* National Institute of Child Health and Human Development, the National Cancer Institute, the National Institute of Mental Health, the National Institute on Drug Abuse, the National Heart, Lung, and Blood Institute, the National Institute on Alcohol Abuse and Alcoholism, the National Institute of Diabetes and Digestive and Kidney Diseases, the Fogarty International Center, and the National Library of Medicine: **Asia-Pacific**, U01AI069907; **CCASAnet**, U01AI069923; **Central Africa**, U01AI096299; **East Africa**, U01AI069911; **NA-ACCORD**, U01AI069918; **Southern Africa**, U01AI069924; **West Africa**, U01AI069919. Informatics resources are supported by the Harmonist project, R24AI124872. This work is solely the responsibility of the authors and does not necessarily represent the official views of any of the institutions mentioned above.

Asia-Pacific

Use of the below acknowledgements and investigator lists depends on the data included in a given analysis.

1. TAHOD – Adult Asia only
2. APHOD – Adult Asia and Australia
3. TApHOD – Pediatric Asia

TAHOD (Adult Asia)

Funding acknowledgement

The TREAT Asia HIV Observational Database is an initiative of TREAT Asia, a program of amfAR, The Foundation for AIDS Research, with support from the U.S. National Institutes of Health's National Institute of Allergy and Infectious Diseases, the *Eunice Kennedy Shriver* National Institute of Child Health and Human Development, the National Cancer Institute, the National Institute of Mental Health, the National Institute on Drug Abuse, the National Heart, Lung, and Blood Institute, the National Institute on Alcohol Abuse and Alcoholism, the National Institute of Diabetes and Digestive and Kidney Diseases, and the Fogarty International Center as part of the International Epidemiology Databases to Evaluate AIDS (leDEA; U01AI069907). The Kirby Institute is funded by the Australian Government Department of Health and Ageing, and is affiliated with the Faculty of Medicine, UNSW Sydney. The content of this publication is solely the responsibility of the authors and does not necessarily represent the official views of any of the governments or institutions mentioned above.

APHOD (Adult Asia and Australia)

The TREAT Asia HIV Observational Database and the Australian HIV Observational Database are initiatives of TREAT Asia, a program of amfAR, The Foundation for AIDS Research, with support from the U.S. National Institutes of Health's National Institute of Allergy and Infectious Diseases, the Eunice Kennedy Shriver National Institute of Child Health and Human Development, the National Cancer Institute, the National Institute of Mental Health, and the National Institute on Drug Abuse, as part of the International Epidemiology Databases to Evaluate AIDS (leDEA; U01AI069907). The Australian HIV Observational Database is also supported in part by unconditional grants from ViiV Healthcare, Janssen-Cilag and Gilead Sciences. The Kirby Institute is funded by the Australian Government Department of Health and Ageing, and is affiliated with the Faculty of Medicine, UNSW Sydney. The content of this publication is solely the responsibility of the authors and does not necessarily represent the official views of any of the governments or institutions mentioned above.

CCASAnet

Procedure for CCASAnet Citation

v. 19 November 2018

In all publications, please cite as appropriate the **Caribbean, Central and South America network for HIV epidemiology (CCASAnet)**. CCASAnet contributes to our research environment in many ways, including intellectual exchange, mentoring, consultation, data, collaboration, etc., that extend far beyond direct funding for individual projects. We suggest the following wording:

"This work was supported by the NIH-funded Caribbean, Central and South America network for HIV epidemiology (CCASAnet), a member cohort of the International Epidemiologic Databases to Evaluate AIDS (leDEA) (U01AI069923). This award is funded by the following institutes: Eunice Kennedy Shriver National Institute Of Child Health & Human Development (NICHD), National Cancer Institute (NCI), National Institute Of Allergy And Infectious Diseases (NIAID), National Institute Of Mental Health (NIMH), the National Heart, Lung, and Blood Institute (NHLBI), the National Institute on Alcohol Abuse and Alcoholism (NIAAA), the National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK), the Fogarty International Center (FIC), and the Office Of The Director, National Institutes Of Health (OD)." ***See note below on additional funding citations, if relevant.*

****For projects that use RePORT-Brazil tuberculosis data**, please also include: R01AI120790, "Predictors of Treatment Toxicity, Failure, and Relapse in HIV-Related Tuberculosis"

****For projects that use data or methods from Bryan Shepherd's R01**, please also include: R01AI131771, "Statistical Methods for Correlated Outcome and Covariate Errors in Studies of HIV/AIDS"

****For projects utilizing resources from the leDEA Harmonist Toolkit**, please also include: R24AI124872, "Harmonist: A Scalable Toolkit for Standardizing and Coordinating Data Sharing Across International Research Networks"

Some CCASAnet investigators have additional funding support that needs to be acknowledged, please check with your co-authors on their funding sources before submitting your manuscripts.

If you wish to add the citation to grant U01AI069923 to a publication that has already been published, you may need to contact the National Library of Medicine, at nlmcustservmbx@nlm.nih.gov and ask them to connect grant number U01AI069923 to your particular PMID or PMCID (just linking grant to manuscript in "My NCBI" doesn't seem to work).

Central Africa (CA-leDEA)

Funding acknowledgement

Each publication, press release, and other document about CA-leDEA must include an acknowledgment of NIH and the support of all contributing institutes. The following language is suggested:

Research reported in this publication was supported by the National Institutes of Health's National Institute of Allergy and Infectious Diseases (NIAID), the *Eunice Kennedy Shriver* National Institute of Child Health & Human Development (NICHD), the National Cancer Institute (NCI), the National Institute on Drug Abuse (NIDA), the National Heart, Lung, and Blood Institute (NHLBI), the National Institute on Alcohol Abuse and Alcoholism (NIAAA), the National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK), the Fogarty International Center (FIC), the National Library of Medicine (NLM), and the Office of the Director (OD) under Award Number U01AI096299 (Central Africa-leDEA). The content is solely the responsibility of the authors and does not necessarily represent the official views of the National Institutes of Health.

Some CA-leDEA investigators have additional funding support that needs to be acknowledged. Please check with co-authors on their funding sources before submitting manuscripts.
